Dear Gerard,
Your pigeon manual is a beautiful product! Beautiful performed and easy understandable written. The book is an interesting combination

of pigeons knowledge, the art of feeding, good medication and good stimulate condition / resistance enhancing natural products. Also tips they are for every pigeon fancier worthwhile to read. A manual which every fancier can do his benefit from. A tip from myself. If your suffering with E-collike problems with the youngsters and you have the feeling that medication does not really help, please consider the Para-mix of Travipharma. I have with this tip made really dozens of really hopeless fanciers quite happy again. Gerard the book is a beautiful reflection of your company. Professional, young and dynamic.
Kind Regards, Martin van Zen.
